3. While I don't believe anyone should be denied care in a real emergency, I support reasonable efforts to establish the facts of illegal immigration and its consequences for Arizona. Every year, Arizonans pay hundreds of millions of dollars to cover the cost of medical care for illegal immigrants. The public has a right to know how those tax dollars are spent, and for whose benefit, and no obligation of charity prevents us from finding the answers.

10. We already have a guest worker program in this country, which I support.
