- * 1. I support sustainable tuition tax credits. I do not support ESA's for students other than those with special needs.
- ** 3. I am open to exploring the concept of a temporary guest worker program. However, I would be critical of a plan that would in effect suppress wages or was intended to subvert immigration status.
- *** 4. I would oppose any effort to force religious organizations to preform or recognize same-sex marriages. However I do not believe the U.S. Constitution is the proper place for such a definition.
