Mary,

Attached is the survey. Thank you for the opportunity. I have one question that I can support, but also oppose and think it is an issue we need to try and resolve by helping these children that are here illegally become citizens. Not automatically, but they have to go through the process of learning the Constitution (and why are public school students not learning the Constitution anyway???) and passing the test and taking the citizens oath.

Thanks again and any questions please let me know.

Best,

Becky
